☑ Good english language skills
☑ Basic finnish language skills

PROJECT

Sage Movie App
Mobile App with React Native & Java back-end

The project was made in react native application, that users can sign in and and save watched movies and upcoming movies that are favorites.

Kaupunki Taskussa PWA
React with PWA (Internship)

The application features different modules for displaying content from the City of Hämeenlinna website and separate sources.
These include a digital library card, an event API from Häme Events.

SiniSulka.fi
Wordpress Customisation

WordPress website.
